About Chelvets

Chelvets is a dedicated out-of-hours veterinary service based in Cheltenham. Chelvets provides veterinary care for pets that are unwell or have been injured after their regular vet closes. Chelvets operate 24/7 including public bank holidays.

Why do we need Chelvets?

Vets & nurses cannot work 24 hours a day, 365 days a year. To provide your pets with quality veterinary care after normal working hours, your vets have made a special arrangement with Chelvets to provide the care needed after hours.

How does the arrangement for OOH services work?

If you need veterinary assistance outside normal working hours, then please call your vets directly. Once dialled, you will then be transferred through to Chelvets. A vet, nurse or receptionist will answer the telephone and assist you in anyway necessary.

PLEASE make sure you call ahead of your arrival as this can help our vets prepare in time. Of course, we understand there are times where this may not be applicable and will accommodate you where we can.

We are situated where the pinpoint is on the map. Located by SPA Private Medical Care and the Park and Ride. The other end of the main entrance to the Cheltenham racecourse.

We are in the Dragon Vets building but operating as Chelvets between the Monday - Friday hours of 7pm - 8.15am Saturdays 1pm to Monday 8.15am and on bank holidays.

If the Cheltenham racecourse gates are closed, please use the main entrance as there will be a security guard who will let you in or a telephone number which you can call, and security will allow you into the racecourse to access us in the Dragon Vets building. Any problems in locating us please call 01242 522022 or use the postcode GL52 3LE in your sat nav.
