Welcome to Bellevue Small Animals

At **Bellevue Veterinary Clinic**, we've designed our **Pet Care Plan** so that you as a pet owner can ensure your pets receive the very best quality preventative treatments, through a simple monthly direct debit. The concept of spreading the annual cost of household bills is a regular and well recognised feature of our daily lives – why should the essential preventative treatments for your pet be any different?

Extra benefits of the plan include discounts on many other products and services at the practice. Talk to one of our team for more information and sign up by completing a simple form or electronic application.

Prevention is better than cure!

Our Pet Care Plan has been set up to enable you to spread the cost of routine preventative health care. This allows us to provide you with the support you need to keep your pet fit and healthy year after year. It allows us to administer the appropriate vaccines, wormers and flea treatments at the correct time with minimal financial impact to you, the owner.

In addition, a thorough clinical examination allows us to carefully assess the general health of your pet and offer advice, support and treatment planning, which in many cases can prevent problems arising in the future.

Our **Pet Care Plan** provides your pet with:

- Regular checks and maintenance of good general health for your pet
- Convenient monthly payments for routine services
- Exclusive discounts on selected products and services

Step One

Come into our practice and register with Bellevue Pets.

Step Two

Discuss your pet's preventive health care and the benefits of our pet health plan with our team.

Step Three

You can register for the plan with our practice or phone Simplyhealth on 0800 169 9958.

Step Four

You'll receive your welcome letter and have access to all your benefits

Veterinary Emergencies

In case of an emergency during practice hours, please contact the practice immediately. We will always endeavour to see a pet in pain as soon as possible. If you require emergency treatment outside practice hours, please telephone the practice as normal. Your details will be taken and a vet will call you back.
