

Practice Visits - Coffee & Catch Up

Many thanks for your interest in Blaise, we are excited to open our doors and to establish a lasting partnership with you so we can work together to achieve the best outcomes for your patients and clients.

We are keen to share knowledge and experience with you as well as getting to know you, your practice and what you need from us. Below is free CPD we can offer you, either in-house or online, between now and October. We will update you further as this evolves.

Alternatively, we can grab coffee and have a catch up about ways of working and what your expectations, hopes and needs are from us.

If you would like to arrange a time for me or our heads of service to come and meet with you and/or your teams please get in contact and I will coordinate this for you.

We are looking forward to working with you and we will be excited for you to visit our hospital when it opens November 2023.

Warmest regards

Andrew Kent BVSc DipECVIM-CA MRCVS

Please contact Andrew Kent, Blaise Clinical Director, to
organise any of the above – andrew.kent@ivcevidensia.com
