Lottie is our Pet of the Quarter...

Lottie came in to the surgery with a large mass on one of her toes which was removed under anaesthetic. Lottie then came back to the hospital regularly to have her dressings changed and was such a good girl who lay there calmly every time this was done, and won the hearts of the nursing team! *Get Well Soon Lottie!*

The staff at Boness Vets would like to wish all our clients a very Merry Christmas and a Happy New Year.

Pet Health Club
Protecting your pet & your pocket

Merry Christmas!

Although Christmas should be a relaxing, peaceful, family time, it's often one of the busiest times of year for us. The holiday season poses a host of hazards for our pets, and being aware of these means you can keep your pets happy and healthy throughout the holiday season.

Toxic dangers to watch out for include Chocolate, raisins (mince pies, Christmas cake etc), alcohol, holly and mistletoe. It is also very tempting to feed our pets leftovers from the Christmas dinner but remember to check for bones.

Have you joined our Pet Health Club? At just £13.60 for a cat and £15.60 for a dog you will receive annual boosters, 6 monthly health checks, year round worming and flea protection, and free microchipping.

You also receive 20% discount on neutering and items purchased from our reception area. For more information please ask at reception or email us on:

reception@boness-vets.co.uk

Registered Veterinary Nurse Lisa was recently presented with her own engraved stethoscope and a beautiful homemade cake to celebrate her 15 years of employment at Boness Vets.

Well Done Lisa, and Thank You!

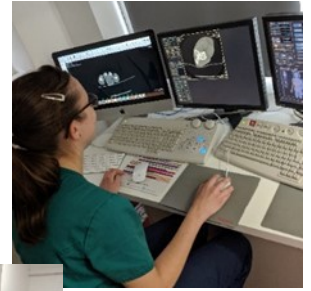

CT Scanner

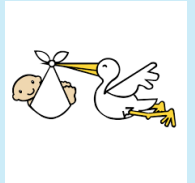

Our CT scanner (Scandrea) is now up and running and has so far assisted in the treatment of 10 patients. This vital piece of equipment gives us 3D diagnostic images which enables effective care for our patients.

Staff News

New Faces—This quarter has seen several new faces join us as we grow and develop our staff team. On the Vets team we have been joined by **Goska** who has a passion for feline medicine and **Manos** who has a particular interest in surgery. We also welcome **Terri** and **Berny** who join the reception team.

Baby News—we are delighted that Clinical Director **Sarah A** is back from her maternity leave following the arrival of her son Freddie. As one person returns another is off, and we wish **Sarah W** well as she heads off on her maternity leave at the end of December—Good Luck Sarah!

Doing it all—as well as achieving her Registered Veterinary Nurse qualification, **Alix** has spent the summer travelling after getting married—congratulations to the happy couple!

Did you know that Vets Now provide all our out of hours care? If you require urgent care for your pet outside of normal working hours please call them on

01582 967089.
