

Home Visits

We have re-introduced our Home Visits.

We are offering an ambulatory service to our clients for routine appointments. This will include vaccinations, prescription review checks and non-emergency consultations.

Appointments will need to be booked in **advance**.

The cost for this service is £45**, in addition to the consultation fee/vaccination fee and any potential medications required.

They operate on Mondays with the first consultation starting at 11.30am.

Please phone and arrange with our reception team.

****If appointments are not booked in advance, then our standard fees apply.**
