Cogges Veterinary Surgery Pet Health Plans provide you with a simple, money-saving way to give your cat or dog the regular preventive treatments he or she needs.

Pet Health Plans do not replace pet insurance: Pet Health Plans cover the regular things – like vaccinations, flea, worm and parasite treatments, health checks and advice – that pet insurance generally doesn't. However young or old your pet, a Pet Health Plan is designed to adapt to your pet's needs, from puppy or kitten, to adulthood and throughout its senior years.

You pay for your Pet Health Plan monthly, by a simple Direct Debit, so you spread the cost of your regular veterinary needs.

Your Pet Health Plan gives you access to additional discounts, too.

Pet Health Plans give you the reassurance of knowing that you are providing the best possible protection and care for the pet you love.

Our Pet Health Plan for cats supports ICC's WellCat for life programme.

See www.icatcare.org for more information on the International Cat Care with expert advice for cat owners.

At Cogges Veterinary Surgery we believe that a proactive, preventive approach to your pet's healthcare is far better than waiting until your pet is vulnerable, ill or suffering to put things right. We want to make responsible pet ownership simple and affordable, which is why we have designed these Pet Health Plans.

A Pet Health Plan makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, flea, worm and parasite treatments are kept up to date. Plus, regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

We have teamed up with Simplyhealth, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us up to concentrate on looking after your pets.
