Planning for your pet's health

Whether you are a new or existing client, we would like to thank you for entrusting Crossroads Veterinary Centre with the care of your pets. We know how important your rabbit's health is to you and our aim is to provide first class care for you both in a supportive and compassionate environment.

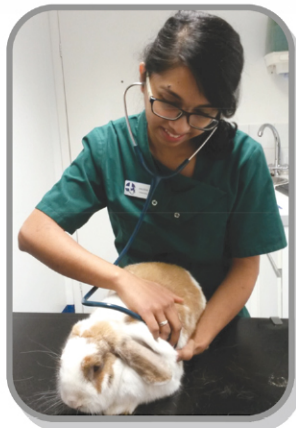

We understand that looking after rabbits can seem costly but, given the chance, most people want to provide the best care they can for their animals. That's why we have designed the Crossroads Rabbit Pet Health Club; to make it easy for you to protect your rabbit against preventable diseases and discomfort, and to help your pet enjoy a long and happy life.

The Crossroads Rabbit Pet Health Club is a simple and affordable way to get all of the preventative care that our practice recommends for your rabbit, in an easy monthly payment plan. Giving you peace of mind that your beloved rabbit's healthcare is taken care of.

It offers you a way to spread the cost of your rabbit's routine care and includes the regular things that pet insurance generally doesn't cover, such as making sure your rabbit's vaccinations and general health are all up to date. Routine check-ups and early diagnosis of any potential health issues will help your rabbit enjoy a long, comfortable life, whilst saving you money and worry too.

Extra Benefits

As well as the peace of mind that comes with keeping your rabbit fit and healthy, we will reward your loyalty with exclusive discounts!

"I love the way your new preventative healthcare plan offers such great value"
J. Williams (client)
