IMPORTANT INFORMATION

- Your initial referral appointment with Claire may take place over Zoom or at Emerson Green Veterinary Surgery. We may go out for a walk using the the park behind the surgery to do training in, so please bring any necessary equipment, like long lines with you.
- During the consultation Claire will review your animals history and problem behaviours, discuss diagnosis and treatment, or recommend further referral to a specialist in behaviour if required.
- If your pet is fearful or aggressive upon arrival at the clinic please leave your cat or dog in the car and ask reception for a buzzer. When Claire is ready for you she will buzz you in and see you into the consult room.
- There are a limited number of spaces in the carpark around the back, but please call if you are having trouble parking and we will direct you to a suitable parking place.
- Please bring with you your dogs bed or blanket for them to relax on and LOTS of tasty treats like meat or cheese.
- Make a list of the points you would like to discuss and any videos of your dog doing the behaviours or additional footage you feel is relevant.

CLAIRE LEE RVN

Claire joined Emersons Green Veterinary Surgery in 2007 and has completed a fdSc degree in Canine Behaviour and Training, she is currently studying towards a BSc degree in Applied Animal Behaviour. Claire is a certified Karen Pryor Puppy start instructor and a Fear Free Certified Professional using reward focused, science based methods.
