Terms and conditions

Contract Duration

Membership runs for **12 consecutive months** from the date of sign-up. Benefits cannot be carried over into the next membership period and membership is **non-transferable**.

Payment

You are responsible for all monthly payments for the full 12-month period, even if you stop using the service. Monthly fee will be added to your monthly account **OR** the full 12-month amount may be paid upfront. If any included visits exceed the allocated duration, additional time will be charged at normal practice rates.

Additional Costs

Laboratory fees or diagnostic tests outside of the allocated 6 WEC tests will incur additional charges. Emergency visits (e.g., lambing's, caesareans, prolapses) are **not included** and will be billed separately.

Renewal

After the initial 12 months, the membership will automatically renew on a yearly basis unless you provide a minimum of 1 month's cancellation notice.

Cancellation Policy

Early cancellation does not entitle the member to a refund. Any outstanding fees for services already provided remain payable.

Direct Debit Option

A Direct Debit payment method is available. To opt into Direct Debit please speak to a member of the team.

I confirm that:

-  All information provided during sign-up is accurate, truthful, and up to date. I understand that **failure to disclose relevant details** may invalidate this agreement.
-  I have read, understood, and agree to be bound by the terms and conditions.

FLOCK HEALTH CLUB

Premium Package

£36 ex VAT per month

5% discount available for annual payment

1. **Annual livestock review & complete flock health plan** – Includes a comprehensive stock check, detailed parasite and lameness management plans, health and performance review, assessment of antibiotic usage, in line with Red Tactor assurance scheme or VAN if necessary.
2. **Six faecal worm egg count tests** carried out over the year – helping to monitor worm burdens. This will indicate the most appropriate times for treatment and allow us to test the efficacy of treatment to investigate resistance status on your farm.
3. **Year-round wormer** for one designated farm dog.
4. **Two visits and two hours' time** to evaluate stock condition and perform preventative health care tasks such as trace-element testing, ram vasectomies, fertility testing, lameness examinations etc.
5. **Direct access to farm vets** – Email and telephone support during working hours from two vets.

Saving over £280 a year!

Optional extra - add on 10 x Faecal worm egg count's - £150 ex VAT - Saving over £20!
