Our Gorebridge surgery has full surgical and dental facilities available, ensuring we can provide for patients requiring both elective routine procedures and emergency care.

We have the ability to diagnose potential medical issues in pets with xray and ultrasound. Our in-house blood analysis and cytology gives us the ability to analyse certain samples with results obtained the same day.

Patients attending our Gorebridge branch benefit from the additional services we offer at our Loanhead surgery, such as laparoscopic (keyhole) spays, endoscopy, out of hours emergency services and more intensive hospitalisation.

FAMILY FUN DAY at Gorebridge Clinic, ICR Vets.

Come and enjoy yourselves with these attractions:
