

# Save on fees for regular wellness treatments

Plan	Monthly cost	Annual cost
Horse or Pony	£16.50	£198

**The Healthy Horse Club is a convenient and structured plan tailored to maintain your horse's health.**

Unlike Insurance that covers accident and illness, the Healthy Horse Club plan covers the expected routine treatments your horse needs throughout the year.

To make it simple and easy for you to manage we will send you reminders and schedule visits where possible so you have peace of mind that your beloved horse will get what they need, when they need it!

Healthy Horse Club plans renew automatically every year so you can continue to provide routine, preventative healthcare to keep your horse in tiptop condition whilst making great savings that protect your pocket.

You can cancel your plan at any time but if you are part way through a plan year and have received more than has been paid in (for that plan year), you will need to pay the difference.

Healthy Horse Club  
Keeping your horse & finances healthy

**Health plans**  
that cut the costs  
of routine care.

\*Subject to Practice Management System capabilities and client consent.

\*Exceptions outside your plan such as additional treatments will be advised and agreed in advance. You will need to pay separately for these.

# Plan for tomorrow, start saving today

When it comes to routine wellness treatments for your horse like vaccinations, routine dentals, and worming treatments, not only can the costs mount up, but there's all the planning and scheduling of appointments too.

## The Healthy Horse Club is the perfect solution.

One simple plan can be set up to cover your horse's key preventative treatments throughout the year and not only do you save money, you can also spread the cost across 12 manageable monthly payments, receive regular reminders\* and we'll schedule appointments in advance where possible too.

**So Join the Healthy Horse Club today - save money and have one less thing to worry about!**
