At Kilcoole Vets we believe in a proactive, preventive approach to your pet's healthcare. We know how important your pet's health is to you and we want to help you keep them happy and healthy for longer. This is why we have designed Pawsitive Pets - Kilcoole Vets pet club..

Pawsitive Pets makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, parasite control and general health are all up to date. Regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

Pawsitive Pets is not pet insurance: Pawsitive Pets includes the regular things – like vaccinations, flea, worm and parasite treatments, health checks and advice in an easy monthly payment plan – the things that pet insurance generally doesn't cover. However young or old your pet, Pawsitive Pets is designed to adapt to your pet's needs, from puppy or kitten, to adulthood and throughout its senior years.

Pawsitive Pets is a simple and affordable way to get all of the preventive care that our practice recommends for your pet.

We have teamed up with Simplyhealth, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us to concentrate on looking after your pets.
