Pet Health Club

Protect your pet and save money

www.lakesideveterinarysurgery.com

Join our Pet Health Club and start saving!

Our Pet Health Club is a great way to cut the cost of essential veterinary care for your pet.

The Pet Health Club differs from pet insurance in that it provides for vaccination, worming and parasite control that pet insurance does not cover.

We believe that a proactive approach to your pet's health is better than leaving it to chance and waiting until they become ill to put things right. This approach also gives you the peace of mind that your pet is getting the best possible veterinary care helping them to lead a happier, healthier and longer life.

You can make great savings on the annual costs of your pet's routine and preventative care.

Additionally, we will reward your loyalty with an exclusive 15% Pet Health Club discount on all procedures such as routine neutering, dentals etc and 10% off pet food.

We can't emphasise enough how important it is to provide regular routine veterinary care and the Lakeside Pet Health Club will help you do so for an affordable fixed monthly cost. Please look through this information, and if you have any questions we'll be delighted to provide the answers.

www.lakesideveterinarysurgery.com
