

Caring for your best friend is a team effort...

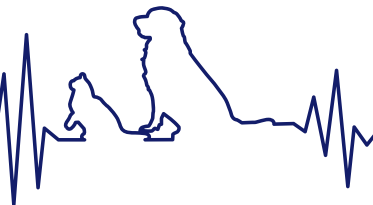

As part of that team, we believe that prevention is better than cure. We want to help you make the right choices when it comes to your pets healthcare so you can live a long and happy life together.

The Oakham Veterinary Hospital Healthy Pet Club covers your pet's most important preventative treatments throughout the year. Regular check-ups with a thorough examination could lead to early detection of potential health problems, giving you and your pet the best opportunity for the right care and a positive outcome.

We use the very best routine preventative healthcare products to make sure your pet stays safe and healthy and your family are protected too.

Not only is the Healthy Pet Club cost-effective, it's also convenient, choose to spread cost across 12 manageable monthly payments or pay in one lump sum. You can opt to receive regular reminders too, making your pets' healthcare routine that bit easier.

Now that's what we call teamwork!

Reasons to join:

- 1 Annual Booster Vaccinations**
We use only the most effective vaccines and include cover for kennel cough for dogs and FeLV for cats.
