Deposit amount .....

I have read and agree to the Terms and Conditions, and completed the Booking Form.

Signature of Owner .....

Print name of Owner ..... Date .....

One cat £10.25 per day  
Two cats sharing £18.90 per day  
Three cats sharing £25.00 per day  
Cats sharing must be from the same household.

There is a minimum booking period/charge of four days, for peak school holiday times including September

A deposit of £2.50 per day is required to secure your booking. If it becomes necessary to cancel your booking, please notify us immediately. Please note that your deposit is non-refundable in the event of cancellation.

For Christmas and New Year, the prices are double the standard daily rate.

The balance of your boarding fee is payable on arrival, we only accept credit card or cash. Boarding fees are calculated by overnight stay providing your cat is collected by mid-day; otherwise an additional night will be charged.

### Terms and Conditions

We only accept cats at Pegasus House Cattery with up to date vaccinations for Feline Enteritis and Feline Calicivirus (cat flu), and that have been treated for flea and worm parasites. It is a requirement that the minimum time between your cat receiving a booster/inoculation and entry into the cattery is 14 days. This will allow any adverse reactions to the drugs to clear, and will protect your cat properly. You must bring your cat's current vaccination certificate with you.

By giving us your email address, (online or in house) you are automatically opted in to receive offers and newsletters from us. We do not sell your details to any third parties and you can unsubscribe at any point.

We are happy to administer oral medication/injection to your cats while they are with us, there may be an additional charge. Any cat suffering or suspected of suffering from any infection illness or disease during their stay with us, will be removed to our isolation facility, for both their and our other guest's safety, pending advice from our onsite veterinary surgeon.

In the unlikely event that your cat does become unwell, we will do whatever is required to ensure the best care for your cat. All veterinary care will be provided by Pegasus House Veterinary Centre unless otherwise stated on booking form. All treatment and care charges are the responsibility of you the cat's owner. We will endeavour to inform you if costs rise above Cattery Vet Examination Fee.

We take great care to ensure that we remain free of fleas and worms, so that your cat does not contract them while staying with us. If we find a cat in our care has either we will again speak to the vet, and treat the cat accordingly. This may incur a charge.

It is now a requirement that all cats boarding here are provided with a scratching post/board, if you do not wish to bring your own, one will be provided for you at an additional cost.
