The easy way to care for your pets

Regular health checks, parasite control and vaccinations all help to keep your pets in great shape throughout their lives.

Comprehensive and cost-effective, our Pets 1st Health Club includes all recommended routine preventative care and allows you to spread the cost throughout the year.

No big bills all coming at the same time. No nasty surprises...

...just a regular monthly direct debit offering great value, convenience and peace of mind.

We encourage you to join this scheme because routine care is an important part of responsible pet ownership.

It keeps your pet in the best possible health and helps them lead a happier and healthier life.

Pets 1st Health Club members get **10%OFF** all Hills and Royal Canin petfood (including all prescription diets)

PLUS 10% discount on neutering, dental treatments and associated oral care products.

New benefits from March 2019

£20 off our Senior Wellness Health Assessments (normally £109 now £89)

Our Senior Health Assessment is a health screen aimed to pick up changes in your pets health that may not be obvious yet. But with early detection and possible treatment or lifestyle adjustments may make a huge difference to the comfort and quality of your pets life.

They include a

- A full clinical examination performed by one of our vets
- A comprehensive blood test
- Urine analysis
- Blood pressure measurement

Plus

NO Insurance admin fees for Pets1st Health Care Plan members

One regular monthly payment covers all this:

- Annual Veterinary Health Check and Vaccinations (including Kennel Cough and Leukemia for cats).
- Six monthly Health Assessment with one of our vets.
- Three and nine monthly Health Checks with a Veterinary Nurse.
- Flea Worm & Tick control through the year.

...plus the following services and advice from our team of experienced RVNs (Registered Veterinary Nurses)

- Behavioural and nutritional advice.
- Dental check-ups.
- Anal gland check-ups.
- Free nail clips.
- Annual urine analysis for all cats and dogs and annual blood pressure monitoring for cats.
- Free Microchip.
- Annual blood pressure monitoring for cats.

Our Pets 1st Health Club works best alongside a separate Pet Insurance policy - all routine care is covered by the former, whilst the latter takes care of any unexpected treatments that may be required following injury or illness.

For more information and a personalised quote, please ask at reception.
