

# Welcome to Pets 1st Vets

Regular health checks, parasite control and vaccinations all help to keep your pets in great shape throughout their lives. Comprehensive and cost-effective, our Pets 1st Health Club includes all recommended routine preventative care and allows you to spread the cost throughout the year.

Our Pets1st Health Club works best alongside a separate Pet Insurance Policy – all routine care is covered by the former, whilst the latter takes care of any unexpected treatments that may be required following injury or illness.

## Membership of Pets1st Health Club starts from just:
