IMPORTANT INFORMATION IF YOU ARE ANTICIPATING CLAIMING ON YOUR PET INSURANCE

Please note we can only arrange direct payment of fees to us if you are insured with the Pet Plan insurance company and only if you are a registered client of Taverham Vets (not for referral clients). For all other insurance companies (and for referral clients), fees need to be paid at the time of the consultation.

To assist with trying to clarify if your insurance company will cover your fees we are happy to help.

Please note that as skin problems can start with intermittent signs over a long period of time, it is an area where it can be more difficult to be sure that fees will be covered by a specific insurance policy.

If you would like to try and find out BEFORE your appointment if your pet is covered for veterinary costs relating to a skin complaint then please ring our Taverham Branch and ask to speak to Rachel or Joy.

Be ready to provide the following information:

Name of insurance company and their contact telephone number

Policy number

Name of policy holder

How long you have been insured with this company

Date of onset of skin problem

As far as you know is this a 12 month policy or a 'lifelong' policy?
